Excise Movement and Control System (EMCS)

Advanced Business Training Programme – Module 5

Management of registration and reference data

This easy-to-use eLearning module is one of the courses from an extensive EU eLearning programme on Customs and Taxation.

This course is part of the EMCS Advanced Business Training Programme designed to give you a deep knowledge about EMCS processes. This course covers **the Management of registration data and reference data**.

The Excise Movement and Control System (EMCS) is a computerised system for monitoring the movement of excise goods under duty suspension in the EU. It records, in real-time, the secure movement of alcohol, tobacco and energy products, for which excise duties have still to be paid.

The advanced programme includes five modules:

- Submission and Receipt
- Movement – Follow-up
- Export
- Administrative cooperation
- Management of Registration data and Reference data

Target audience

This course is addressed to the following professionals:

- **The MS Administrations** responsible for monitoring outgoing traffic and maintaining and disseminating accurate and up-to-date reference information.

Learning objectives

At the end of the course, you will be able to handle:

- Maintaining, disseminating and searching for registration data;
- Maintaining, disseminating and searching for reference data.

Course duration

The course takes around 1 hour and 15 min.

Available languages

The course is available in Hungarian and Polish. Consult the table on the [EUROPA](#) website to check the availability of further EU language versions.

The screenshot shows an eLearning interface for the 'Advanced Business Training Programme'. The main title is '3. Management of Reference Data', with a sub-section '3.2. Introduction - Overview'. The interface includes a navigation menu with options like 'Menu', 'Course Map', 'Who is who?', 'Glossary', 'Library', 'Print', and 'Help'. A description of the scenario is provided, followed by a list of topics: 'Maintenance and dissemination of the EOL', 'Maintenance and dissemination of reference data', 'Search for reference data by MSA', and 'Search for public reference data by Economic Operators'. A video player at the bottom shows a person's hands typing on a laptop keyboard with various data visualization icons overlaid. The EMCS logo is visible in the top right corner.

General Features

You may interrupt your course. When reopening the course you can resume where you have left the course off.

Besides the menu, in the upper toolbar of the course, a course map allows you to quickly access the sections and subsections.

A course summary of the most relevant information is available in a printable format. You can also print any screen of the course with the print option.

How to get access to the course?

This eLearning module is not publicly available and is distributed exclusively to national Customs administrations. After having been granted access by your administration, depending on the decision made:

- You have the choice between 'non-SCORM' (iso, exe, html/html5) and 'SCORM' (for LMS systems).
- If you use a 'non-SCORM' version, read the Quick Start Guide available in the downloaded zip folder. It explains how to install the courses to your system.
- Using the course does not require a high level of information technology skills from the learners.
- In case of technical issues contact first your local administrator. If the problem persists, send the description (including screenshots) to taxud-elearning@ec.europa.eu
