OBJECTIVE OF THIS DOCUMENT	

## 1. INTRODUCTION

### 1.1. Objective of this document

This document defines the coverage of the technical specifications by the system test file and user interface test plan.

### 1.2. Structure of this document

This document has one chapter after this introduction chapter. Chapter 2 presents the different justification matrix

### 1.3. Intended audience

This document is intended for people responsible for testing the business logic layer of the TARIC3 CDCO system and for the representatives of the user community. They can use the document during the specification phase to verify that the user requirements are met by the proposed functionalities.

### 1.4. Abbreviations and acronyms

ID	Description
CDCO	Centrally Developed Centrally Operated
STFJ	System Test File Justification
TARIC	TARif Intégré Communautaire
STP	System Test Plan
UITP	User Interface Test Plan
UIS	User Interface Specification
FS	Functional Specification
PM	Process Model
