Baseline

This baseline (Annex XI) is made available by the European Commission Directorate-General for Taxation and Customs Union (DG TAXUD) for the information of the tenderers.

It is an extensive repository of DG TAXUD artefacts¹ providing detailed information on DG TAXUD activities of relevance for the contract.

The baseline is provided on DVD-ROM, as Annex XI of the Tendering Specifications and available only on written request by e-mail to Taxud-tenders@ec.europa.eu, or by mail to the following address:

European Commission,
Directorate-General Taxation and Customs Union
J-79 06/40
1049 Bruxelles/Brussel
Belgium

The information, documents and source code provided in this baseline are the sole property of the Commission (unless otherwise specified), and are provided without prejudice and for the exclusive use for the response to the call of Tender TAXUD/2013/AO-01. No part of the content of this baseline can be re-used outside this call for tender. The baseline is provided on DVD-ROM. The DVD-ROM is provided as "is" without guarantee of any sort and without prejudice.

The Commission disclaims any responsibility in case of damage incurred when using the information on the DVD-ROM.

A Non-disclosure Declaration (Annex IX) will need to be signed by the potential tenderers.

The baseline is related to the Provision of IT services such as architecture, specifications, development, maintenance and support of customs systems. The potential tenderers need to take into account that the baseline reflects the situation on **30/08/2012** and it will evolve.

The baseline contains around 70.000 documents in ZIP format and is articulated around the following domains:

- Project Support (PS)
- Enterprise IT Architecture and Strategy (EAS)
- Business Process Modelling (BPM)

¹ An artefact or deliverable may be, but is not limited to: documents, bespoke applications, a demonstration, a mission report, an e-mail, conformance test planning, an offer, technical meeting minutes, configuration baseline for centrally developed applications, etc.
