

# Special Procedures (other than Transit) eLearning module

This easy-to-use eLearning module is one of the courses from an extensive UCC EU eLearning programme. It provides **fundamental knowledge** in the domain of special procedures (other than transit) and the **related procedures** as defined by the [Union Customs Code \(UCC\)](#).

To fully benefit of the potential of this course, we recommend to integrate the course in your own training programme and to develop a full blended learning programme.

## Target audience

**Customs professional** in the public and private sector dealing with customs procedures and customs declarations related to special procedures other than transit.

## Available languages

For the availability of further language versions, consult the table on the [EUROPA](#) website.

## Learning objectives

By the end of this 90-minute course, you will have learned about:

- what special procedures are;
- the horizontal provisions applicable to all special procedures;
- the special procedure storage: customs warehousing and free zone;
- the special procedure specific use: temporary admission and end-use;
- the special procedure processing: inward processing and outward processing.

## Particularities of this course

As we are exploring 6 distinct special procedures in a single course, we recommend taking the time to learn one section at a time in order to avoid feeling overwhelmed by the quantity of information.

Within this module you are free to consult any special procedure of your interest in the order that you wish by navigating through the menu.

## General features

You may interrupt your course. When reopening the course you can resume where you have left the course off. The completed sections are indicated in yellow in the menu.

A course summary of the most relevant information is made available in a printable format in the course library

## How to start and use these eLearning courses?

- Freely download the eLearning module using the [download form](#).
- For .iso, .exe, .html and .html5 choose the regular zip folder.
- For the .scorm version to be integrated in your LMS system choose the scorm zip folder.
- Read the Quick Start Guide available in the downloaded zip folder. It explains how to install the courses to your system.
- Using the course does not require a high level of information technology skills from the learners.
- In case of technical issues contact first your local administrator. If the problem persists, send the description (including screenshots) to [taxud-elearning@ec.europa.eu](mailto:taxud-elearning@ec.europa.eu)

## How were the courses developed?

This UCC EU eLearning programme can be followed as a complete programme. However, the modules are designed to allow the selection of single module in function of your professional competency needs.

The courses were developed under the Customs 2020 Programme. The UCC eLearning programme content was created by a project team comprised of a pool of customs experts from national administrations and private sector in close collaboration with the Taxation and Customs Union Directorate General of the European Commission.
