

# Registered Exporter – REX

## eLearning module

This easy-to-use eLearning module is one of the courses from an extensive UCC EU eLearning programme.

On the one hand, this course guides you through the **new legal provisions** for **trading goods under the GSP scheme of the EU** and the **related procedures**.

On the other hand, upon completion of the course, you will be able to confidently work with the **REX system** in accordance with your role and responsibility in the REX process flow.

Although this course focusses on explaining how the REX system applies to trade between GSP beneficiary countries and the EU, it may equally apply to **other GSP schemes** or **preferential arrangements** and even more be enlarged to **preferential trade agreements**.

To fully benefit of the potential of this course, we recommend to integrate the course in your own training programme and to develop a full blended learning programme.

### Target audience

**Customs professionals** in the **public and private sector** from the **EU and beneficiary countries** dealing with customs matters related to trading goods under the GSP scheme with the EU or other preferential arrangements and trade agreements.

### Learning objectives

By the end of this course, you will have learned about:

- what a registered exporter is,
- when the REX system applies,
- the impact REX has on your activities and
- the processes that have to be followed in the REX system.

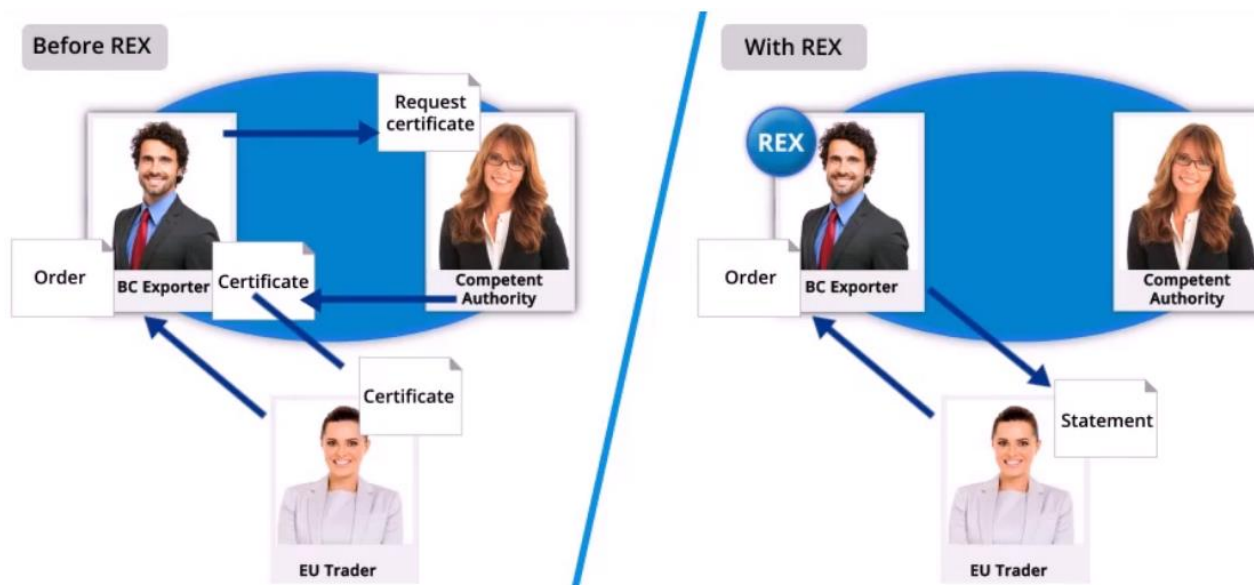

You will also be able to confidently use:

- the REX system depending on your role.

### Course duration

The course takes 1 to 2 hours depending on your profile and role in the various REX process flows.

## Particularities of this course

This course is designed to address the needs of multiple profiles.

The sections 1 to 4 are common to all profiles.

Section 5 and 6 offer you tailored content in function of your profile based on a short questionnaire.

You may interrupt your course. When reopening the course you can resume where you have left the course off. The completed sections are indicated in blue in the menu.

Beside the menu, a course map allows you to quickly access to the sections and subsections. The course map is placed in the upper toolbar of the course.

A course summary of the most relevant information is available in a printable format in the course library.
